LONG-RANGE NAZI GUNS SHELL STALINGRAD

Valiant Resistance Offered By Soviets In Volga Steel City

By HENRY C. CASSIDY

Moscow, Sept. 21.—(AP)—Thwarted in their efforts to take Stalingrad by storm, the Germans began a mighty bombardment with heavy long-range guns that shook the city from end to end today, but still the Soviet defenders held and even gained ground at some points in hand-to-hand street fighting, the Russians announced.

Shells screaming into the city tore gaping craters in streets and squares and the thunder of the cannonading all but drowned out the clatter of machineguns, rifles and mortars by opposing forces locked in close quarter fighting in the suburbs, Pravda reported in a Stalingrad dispatch.

The bloody struggle increased in ferocity by the hour and Pravda said German dead were piling high in the streets, with the frantic Nazis not even taking time to remove their seriously wounded from the battlefield.

In the northwestern suburbs, locale of the heaviest fighting, the Russians and Germans were fighting it out house by house with the Soviet forces putting up the same valiant resistance that saved Moscow and Leningrad.

But despite frightful losses in dead the Germans hurled new divisions of tanks, armored cars and infantry and swarms of planes into the battle.

In the haze of smoke from flaming buildings and bursting shells and bombs the Germans were "at times able to advance," Pravda reported, but only a matter of yards.

The countryside around Stalingrad was littered with piles of scrap metal which once were German tanks, trucks and cannon, the newspaper said.

On other fronts, Soviet dispatches sketched this situation: Mozdok, in deep Caucasus: The Russians repelled several attacks and took some prisoners.

On the Black Sea coast south of Novorossiysk: The Nazis made no progress against the Russians holding the short road and skirting heights to the Caucasus valley, where the Soviet's greatest oil fields and refineries are located.

North and south of Voronezh: The Russians continued to attack furiously, slaying 3,000 Germans in three days, 850 of them in one battle. The Germans attacked six times in one place and failed to advance.

On the Volkhov front southeast of Leningrad: The Russians broke into a heavily fortified forest in the Sinyavino district, after an attack from the south and northwest in which they blew up an ammunition dump and captured prisoners and trophies.

Berlin (From German Broadcasts) Sept. 21.—(P)—The German high command announced today that Nazi troops driving into the rich Grozny oil fields in the eastern Caucasus had stormed and captured the towns of Terek and Vladimirovka.

Willkie Has Appointment With Stalin

Moscow, Sept. 21.—(P)—Wendell L. Willkie said today he hoped to have long, straightforward and frank talk with Joseph Stalin because "I understand he is a man who likes frankness, too."

Willkie arrived here yesterday and rose at 6 a. m. today, spending his first morning in the Soviet capital walking the streets before breakfast. He encountered crowds of Russians on their way to work.

After breakfast he saw Red Square for the first time, walked around the Kremlin and talked with British Ambassador Sir Archibald Clark Kerr.

He had an appointment later in the day with Vyacheslav Molotov, Soviet foreign commissar.

Willkie said he planned to deliver to Premier Stalin a written message from President Roosevelt and that he already had asked to visit the front.

President Roosevelt's special representative said he had failed to find any letdown in spirit or in the war effort in Russia and the Russians appreciated the aid they had received from the United States and Great Britain "but they didn't think our aid has been enough."

RECRUIT FOUND DEAD

Altoona, Sept. 21.—(P)—Kenneth Robertson of the naval recruiting station at Philadelphia, was found dead in the cellar of his family's home here with a shotgun beside the body, Coroner C. C. Rothrock reported. He said Robertson, whose first enlistment ended last week, was scheduled to report today to this station.

ARMY OF TEN MILLION IN A YEAR SLATED

Time to Make Clear Decision Between Army and Navy Industrial Needs Official Says

MARRIED MEN SOON

Washington, Sept. 21.—(P)—Chairman Tolson (D-Calif.) of the house special committee on defense migration, citing "the absence of a final authority to allocate our manpower resources," declared today that "the time has come when some clear decision between army and industrial needs must be made."

"With a projected army of ten to thirteen million, it is apparent that many additional millions must be added to the army," he said, "and the men taken from war industry." "Our manpower is limited."

His statement was issued after Selective Service Director Lewis B. Hershey had indicated that more than 10,000,000 Americans would be in the armed forces by the end of next year.

Calls for childless married men will start going out generally in December or January, Hershey said, as the supply of single men, including those with dependents, becomes exhausted.

Married men with children will be called beginning around Oct. 1, 1943, unless congress authorizes the drafting of 18 and 19 year olds. Approximately 2,250,000 of the latter age group registered this year for service after they reach 20 but so many of them have enlisted that perhaps no more than 1,000,000 are left.

Senator Hill (D-Ala.) planned to introduce today an amendment to the selective service act that would give the president broad powers to coordinate manpower and industry for maximum efficiency.

Tolson, whose committee conducted a series of hearings last week on the need for budgeting the nation's labor resources, questioning Manpower Commissioner Paul McNutt, among others, said the committee's findings and recommendations would be made in about two weeks.

Negro Group Leaders Held

Chicago, Sept. 21.—(P)—The FBI announced today a roundup of about 80 Negroes, leaders and members of three Chicago organizations which federal agents said were aimed at defeating the selective service law.

Of the 12 leaders of the groups, 11 have been apprehended and charged with sedition and conspiracy to commit sedition. The members have been charged with violation of the selective service act by allegedly failing to register or to comply with directives of their local draft boards.

New York, Sept. 21.—(P)—Berlin propagandists who have called Sweden "the Communist center of Europe" in an increasingly violent anti-Sweden campaign aimed a sharp new attack at that Scandinavian neutral today following Sunday's Stockholm city council election in which Communists registered the greatest gain. The Communists won nine of the 100 seats, a gain of six.

Melbourne, Sept. 21.—(P)—High up in the mountains of Portuguese Timor in the south Pacific a force of Australians well stocked with good food and tobacco—is still defying the Japanese, who announced occupation of the island Feb. 19.

New Delhi, India, Sept. 21.—(P)—Airplanes sprayed incendiary bombs on the dens and encampments of the fanatical Mohammedan Huns in western India in suppressing the recent disorders in which they tore up railways and killed many Indians, Sir Alan Hartley told a council of state today.

Ottawa, Sept. 21.—(P)—The Canadian destroyer Ottawa has been torpedoed and sunk with her commander, four other officers and 101 men missing and believed killed, Navy Minister Angus MacDonald announced today.

London, Sept. 21.—(P)—A Reuters dispatch from Moscow said today all women and children had been removed from Stalingrad. Every able bodied man was under arms and helping in the city's defense, the dispatch said.

Rio De Janeiro, Brazil, Sept. 21.—(P)—Police announced today that the Italian Count Edmondo Di Robilant had been arrested and had confessed that he provided information for transmission to Rome concerning the passage through Rio some time ago of the British transport Queen Mary.

Hardly Begun To Feel Pinch Nelson Says

Country Must Accept "Much Lower Standard Of Living"

FOOD WILL BE PLENTIFUL

Kansas City, Sept. 21.—(P)—Donald M. Nelson, chairman of the War Production Board, warning that the country must accept a "very much lower standard of living" in order to win the war, asserted today that "we have hardly begun to feel the pinch, so far."

"We are going to feel it very acutely before we are a year older," he said in an address for delivery at the National American Legion convention.

"It is my considered opinion that we are going to have to cut further and more deeply into our civilian economy than even the British themselves have done yet—with the single exception of food."

"We are going to have enough to eat throughout this war, and we probably will not have to put any very drastic limitations on our security," (Turn to Page Seven)

Jap Base In New Guinea Is Again Visited

General MacArthur's Headquarters, Australia, Sept. 21.—(P)—Operating without interference from enemy planes Allied fighters yesterday attacked the vital Japanese base at Lae on the north-east coast of New Guinea for the third successive day, burning five barges and a tugboat and damaging shore installations.

A communiqué announcing the raid said Allied fighters and bombers also had blasted Japanese supply lines extending inland from (Turn to Page Seven)

Plan Changes In Tax Bill

Washington, Sept. 21.—(P)—Faced with an assertion by Secretary of the Treasury Morgenthau that the new tax bill was "wholly inadequate," the senate finance committee convened today for another survey of the revenue measures and some members said major changes might result.

Sales tax advocates had not given up hope that they might substitute such a levy for some other tentatively-adopted impost and Senator Clark (D-Mo.) said he was turning over in his mind the idea of offering again the plan for pay-as-you-go collection of income taxes.

Estimating total additional revenue from the bill at \$6,851,700,000, Secretary Morgenthau told his press conference last week that this was only \$560,400,000 more than was provided previously by the house and was not enough.

CONGRESS TO SPEED ACTION ON MEASURE

Unprecedented Anti-Inflation Bill Comes Up In Senate Along With Committee Report

LIVING COSTS SOARING

Washington, Sept. 21.—(P)—The unprecedented anti-inflation bill came up in the senate today, along with a committee report that food prices had been advancing at the rate of 40 per cent a year since last spring.

Leading further urgency to the measure authorizing presidential control of the cost of living were these other findings by the senate banking committee:

Prices received by farmers had risen 85 per cent from August, 1932, to August, 1942, while the prices paid by the farmers had increased 22 per cent in the same period.

Since 1939 hourly wage rates in all manufacturing industries had advanced about 30 per cent and that the aggregate of wages and salaries paid out had risen 71 per cent.

From January 1, 1941, to May, 1942, unit labor costs had increased at the average rate of 1.1 per cent per month.

"Unit labor costs will unquestionably increase still further, even apart from increases in wage rates, as a consequence of the loss of skilled workers, introduction of less skilled labor and inevitable transportation and other delays."

Control of wages and salaries "must proceed simultaneously with control of food cost."

He formally introduced the amendment today.

Finland Not Ready to Quit

Washington, Sept. 21.—(P)—The Finnish minister to the United States has taken notice of suggestions that Finland and Russia sign peace terms and his reaction is:

"Finland wants to cease fighting as soon as the threat to her existence has been averted and guarantees obtained for her lasting security."

The minister, Hjalmar J. Procope, issued the statement after a press reception Saturday night. The timing, while the Russians still held off the Germans in the Caucasus, and the circumstances led to speculation in diplomatic quarters whether Finland might be at least, putting out a feeler on possible peace terms.

A separate peace by Finland would be a severe blow to the Germans, who are using Finnish air bases for heavy attacks on British-American convoys to Russia and the unloading ports of northern Russia.

The British force which landed at Tamatave in the east coast was said to be about 90 miles from the capital.

Governor Prepares to Defend His Administration Against Verbal Attacks

LASHES OUT AT ROSS

Harrisburg, Sept. 21.—(P)—Governor James appeared in the thick of the gubernatorial campaign today, although, as he says, he's "not running for anything."

"I'm prepared to defend this administration," declared the executive while Auditor General P. Clair Ross, Democratic nominee for governor, said he planned "no let-up" in his attack on the Republican regime.

"If Ross attempts to make the governor an issue he undoubtedly will stand up for his administration and ask a vote of confidence," asserted one of James' advisors who declined use of his name.

James already has lashed out at Ross in "an open letter to the voters of Pennsylvania," declaring the auditor general has "forfeited any right to the confidence" of the electorate "by his conduct in office, by his abuse of public trust, by his misuse of public funds."

SISTER SHIP OF BISMARCK SAILS ARCTIC

Germany's Mightiest Battleship Believed Searching for Allied Convoys On Way to Russia

HITLER TAKES BIG RISK

By JAMES M. LONG
Associated Press War Editor

Germany's mightiest battleship, the Tirpitz, sistership of the sunken Bismarck, was reported today to have left the shelter of Trondheim fjord under cover of Nazi warplanes, challenging American and British naval power in a hunt for Allied convoys carrying aid to Russia on the hazardous Arctic route to Murmansk.

The report heard in London that the Tirpitz was on the hunt again off Norway was the first word of the battleship since last July 9 when the Russians said one of their submarines scored two torpedo hits on her in Arctic waters where she lurked along the convoy route.

Observers in England said that the risk of the Tirpitz showed the Germans were calling upon every means at their disposal in an attempt to cut the Allied sea route to Murmansk.

The German high command claimed only yesterday that their submarines and planes had sunk 38 merchant ships totaling 270,000 tons and destroyed or damaged six escorting warships in a six-day attack on a British and American convoy in Arctic waters.

The claim was characterized in London as exaggerated, although unofficial British sources said losses on the Murmansk route over many months undoubtedly had been considerable.

The report was the first intimation of activity by the great warship since last July 9, when the Russians announced that one of their submarines had scored two torpedo hits on her in Arctic waters, thus foiling a Nazi attempt to smash a big Allied convoy.

The Tirpitz was said to have holed up in Trondheim fjord after this attack, hiding there during the long summer days when her movements could easily have been checked by aircraft had she ventured forth.

With the longer nights of autumn, however, the chance of slipping undetected along the Norwegian coast and thence into the Arctic shipping lanes leading to Russia.

BARBARA STANWYCK AND GEO. BRENT IN 'THE GAY SISTERS' AT LIBRARY

Three wealthy sisters who live in a spacious home that is daily seeping into a greater stage of decay and who are obviously trying to keep dark some closely guarded secret of the past, is the intriguing story of Warner Bros. newest film, "The Gay Sisters," which opens today and Tuesday at the Library Theatre.

The picture features a brilliant cast made up of Barbara Stanwyck, George Brent, Geraldine Fitzgerald, Nancy Coleman and a fine newcomer for whom film critics and newswriters alike predict a bright future, Gig Young.

The story is adapted from the best-selling novel by Stephen Longstreet, whose powerful writing was transplanted in all its strength from print to film.

championship of Warren county. Cecil C. Winans will be in charge of this. The games and sports program will be arranged so that all Grangers—men, women and children—can participate. Prizes will be awarded to the winners of the various contests. Anyone wearing a white numbered ticket will be eligible to participate in any of the contests, whether or not they are Grange members. The way to secure the white tickets is to turn in scrap.

Each Granger is reminded that all he must do to receive a white ticket is to take his accumulated scrap to the weighing stations in his district, where he will receive a weigh sheet, which will entitle him to the ticket. At noon on Friday each weighing station must have a messenger ready to bring all the weigh sheets to the office of C. L. Swanson, second floor of the Warren National Bank building, that have accumulated after Wednesday noon.

Arrangements are being made for a local house to house collection of scrap the last of this month, the date will be decided upon and announced later this week.

The auditor general, meanwhile, continued his attack on the administration, which he charged with "a politics as usual" policy. Republicans countered by centering their fire on the administration of James' predecessor, Democratic Governor George H. Earle, who now is in the navy.

CONFERENCE IS CALLED

The six northwestern Pennsylvania counties will be represented at Erie on September 29th at a Citizens' Wartime Conference on Community Welfare. This Conference is being held throughout Pennsylvania during this month under the auspices of the Pennsylvania Welfare Conference. This Conference is planned to acquaint laymen and social workers with the part local welfare services should play in meeting the ever changing conditions of wartime needs. The conference program is built around the theme, "Building for Victory" and speakers of state and national reputation will bring messages adapted particularly to this theme.

THAT HARVEST PICNIC-SCRAP ROUNDUP!

By this time every person is fully aware of the fact that the Harvest Picnic-Scrap Roundup is to be held in Crescent Park next Friday, September 25th, and not Saturday, the 26th, as was inadvertently stated in this column last Thursday.

An urgent personal responsibility to collect metal scrap and to start it toward the mills, rests upon every loyal American citizen in Warren county today.

The fate of our nation, the security of our own futures, the very lives of our sons, husbands and brothers in uniform, depend upon the response which we make to the government's pressing demand for every pound of scrap metal we can dig out of our homes, our offices, our factories, our farms.

This is no idle exaggeration. If anything, it is understatement. The responsibility is not general—the business of everybody which nobody needs to look after. It is specific and individual.

Unless there is made available seventeen million tons of iron and steel scrap in the next few weeks, some steel mills are going to have to close down this coming winter.

The steel that will not be able to make can not, obviously, be used for ships, for airplanes, for tanks, for guns, for shells, for bombs, for any of the weapons which our soldiers and sailors and Marines need to fight the Germans and the Japanese.

For lack of those weapons, battles easily can be lost—even, God forbid, the war itself. For lack of those weapons, beyond any doubt at all, lives would be sacrificed.

If you reside in the county, don't lose any time in getting your scrap to one of the numerous weighing stations established in the rural sections. In the borough a scrap pile has been established at the foot of Market street, but it should be remembered that all scrap collected in Warren must be weighed in at the scale at Madison avenue and Crescent street.

Get in your junk and be eligible to attend the Scrap Harvest Picnic next Friday.

LONG AND FAITHFUL SERVICE

Among the unsung writers who contribute in a great measure to the success of the average daily and weekly newspapers are those faithful and industrious rural correspondents. One of these was Lotta Cole Wentworth, wife of George N. Wentworth, who died at her home on Cole Hill Saturday after a long and confining illness.

Subscribers to Warren newspapers have been reading Mrs. Wentworth's "Cole Hill Letters" for over fifty years. She first started writing in the Warren Evening Mirror in 1900 and continued her weekly letters ever since. For the past eight years she had been crippled in such a manner that she was compelled to spend her time in a wheel chair, but she continued her letters until last week.

We're going to miss Mrs. Wentworth's interesting Cole Hill Letters as we realize thousands of our readers will. "Thirty" has been recorded for Mrs. Wentworth but the memory of her faithful service to local newspapers will always remain an inspiration among those with whom she came in contact.

With the community fairs all out of the way the next big event which should interest every person in the borough and county is the Scrap Round-up Harvest Picnic in Crescent Park on Friday. But you'll have to donate some scrap if you want to be among those participating to the fullest extent.

Folks down Youngsville way demonstrated again Friday and Saturday that they know what it takes to put over a successful community fair. It was unfortunate that a portion of the Saturday evening horse show program was a "wash out" but that was something the promoters could not avert.

Our Dragon football team seems to have a good start toward a district championship this fall. The next hurdle will be the Titusville Rockets at Russell Field Saturday, which doubtless will not be as easy as that of last week at Kane.

Observation Post

WASHINGTON IN WARTIME

By JACK STINNETT

WASHINGTON—The Capital in Wartime:

One of the Hong Kong internees who returned recently on the Gripsholm was recounting his misadventures to friends. Summing up, he said:

"Aside from the first few days in our camp we suffered no physical indignities. As a matter of fact (this camp had NO military or political internees), after those first few days, our few guards were mostly Chinese or Indo-Chinese.

"The food, however, was terrible. We almost starved to death. Unless you have experienced that kind of tantalizing hunger, it is almost impossible to believe.

"But there was a funny thing about it. Those who went in there suffering from stomach ulcers, gastritis, and such, came out absolutely cured. And a number of men subject to obesity lost their bay windows and sailed for home admitting that they never felt better in their lives."

A LITTLE over two years ago, when we still were wringing our hands over the sad plight of Poland, I remember writing a column that I thought carried a jarring impact. It was to the effect that the government employees, exclusive of the Army and Navy, had reached the staggering number of 1,000,000 persons.

Now, it's hardly worth a paragraph that civil service officials say that there will be 3,000,000 on Uncle Sam's payroll before the end of the war effort is passed. (Note, it will only take about

700,000 more to reach that mark.)

Uncle Sam, in the role of civilian employee, is still having his greatest problem with turnover.

A report, by civil service, of a couple of hundred thousand new placements, represents a net gain of less than 100,000 employees. That means that for every two persons hired on a government job these days, there is one or more who quits for a better job. joins the military forces, or simply hangs a note on the door: "Gone home. I don't like it."

In Washington, the last reason seems to be the most common.

THE Navy is really scoring with its offer of bonuses to civilian employees who invent or discover methods of cutting the red tape and eliminating unnecessary work.

A bureau of medicine and surgery supervisor received a \$300 check the other day for discovering a method of eliminating 15 jobs in his department and saving the Navy from filing about a million sheets of reports a year. Paradoxically enough, the fellow did it by introducing a new rubber stamp.

Just a day or two before the Navy gave \$100 bonuses to each of two workers at the navy yard here for improvements in the manufacture of radio receiving devices.

The Navy, so far, is the only department that is offering bonuses for cutting war work, but one of the Washington morning newspapers (The Washington Post) is offering a \$100 war bond every month to the federal employee who makes the most helpful suggestion for improving the service.

MAN ABOUT MANHATTAN

(Second of Three Articles)

By GEORGE TUCKER

NEW YORK—Sherman Billingsley's York Club does an over-all business, he estimates, of more than \$800,000 a year. It can accommodate 500 customers. Working for Billingsley is a staff of 250, and his weekly payroll is \$6,000.

Name personalities and headliners in the theatrical or music field are never employed at the York. There is no floor show. Two small, unknown orchestras, one American and the other Cuban, are hired for dancing, plus a small cocktail outfit that appears only in the afternoons. These are paid the standard union scale wage.

Nevertheless, the York continues to be the "smart" place to go.

I ASKED Sherman Billingsley why this was so. I asked him what it was that made the York the York.

"We're always scared to death," replied Billingsley. "Your friends can walk out on you over night. In this business, if people aren't pleased, they go elsewhere. If I leave town the business falls off \$500 or \$600 every day I'm gone."

"I'm the sole owner here, despite stories to the contrary that the York I own it all, and therefore I have no partners to argue with. I haven't got any waiters who like my partner better than they like me. If any decision is to be made, I make it."

"We operate a lot of different sets of mailing lists. When the young people all leave town, we work on the older lists."

"I MAKE it a point to try to speak to as many of my guests as I

possibly can. It doesn't make any difference what you say to them, so long as you pass by and give them a few words. I also find it good policy to send over a glass of creme de menthe, or a bottle of wine, just as a gesture on the part of the house. I may spy some little old lady in here and send her over a bottle of perfume or a box of candy."

"It is important to a place like the York to have pretty girls sitting around in it. Debutantes make their headquarters here. It is good business to give them a real rake-off—I mean, let them come here at greatly reduced prices, because their names mean something."

"We often knock the cover charge (\$2 a person) off a ring-side table for a group of named. When other people hear that their favorite author, or picture star, has been to the York, they want to go there too."

"WE DO a good business every day of the year here (most clubs close for the summer), not only at lunch, but for cocktails, dinner, and supper. I think that's because we never get independent. We cash a lot of checks for people, which we don't like to do, but we do it, and we get clipped around \$15,000 a year."

Another of Billingsley's habits has been to give away souvenirs and wines to his friends and customers. He has been known to give away more than \$100,000 worth of wine in a single year. For awhile he gave away portable radios ornamented with a York. The most popular thing he ever gave away, he says, were solid gold cigarette holders. "The girls liked those. They kept them from getting tobacco and nicotine on their hands."

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1922

Hon. John A. McSparran, Democratic candidate for governor, was the speaker at the fair. He was introduced by Grange Master E. R. Simons. It was Grange Day at the fair and Mr. McSparran at the times was Master of the Pennsylvania Grange. Large attendance marked the day.

Maude Westling, 7 years of age, was struck by a street car while she was enroute to school at North Warren. Her head was badly cut but examination at the hospital revealed no broken bones.

Warren Lodge LOOM initiated a class of 30 candidates at a rousing meeting. A membership campaign is under way with a goal of 750 members for the order.

Grapes appeared on the curb market this morning. The crop is reported to be a heavy one with a price of \$100 per ton offered by the Welch Grape Juice Company, of Westfield.

Yeggs visited the Clawson store at Corydon last night and took between \$400 and \$500 worth of clothing and shoes. An automobile truck was utilized in hauling away the loot.

The Winter Garden Show for the year is visiting Warren under the name of "The Passing Show." Several cars are needed to transport the large amount of scenery, etc.

In 1932

Mahatma Gandhi was in the news starting a "Fast Unto Death." The British had arrested the Indian leader and he refused to leave the jail although at liberty to do so.

All pastors were returned to the Warren M. E. churches by the Conference held at Sharon. They were J. O. Averill, Epworth; C. E. Allen, First, and H. A. McCurdy, Grace.

Warren county Democrats opened their campaign with a reception and tea at the Carver House. Candidates will make addresses.

October 5 has been announced as the date for the first meeting of the Warren Players. Mrs. Wallace Cowden is president of the organization.

The fifth carload of flour has been received here by the Red Cross for distribution to the needy of the vicinity. 1760 bags were in the shipment.

Mary Elizabeth Turner and Sgt. Bova Mary And Leave for Home in Oklahoma City

At nine o'clock Saturday morning in Holy Redeemer church Father Salvatore Mitchell celebrated the nuptial mass and performed the double ring ceremony which united in marriage Mary Elizabeth Turner, daughter of Mr. and Mrs. J. J. Turner, 2025 Pennsylvania avenue, east, and Staff Sgt. Matthew P. Bova, of Will Rogers Field, Oklahoma City, Okla., son of Mr. and Mrs. Peter Bova, 207 Madison avenue.

Marie Clark Dillon was at the organ for wedding music and the bride's sister, Rita Turner, sang several selections. Garden flowers were used in artistic decoration of the church and the home of Mrs. Hilburn, 2016 Pennsylvania avenue, east, where the reception was held.

The bride was given in marriage by her father and attended by her sister, Eileen Turner, as maid of honor; Marian Hale, Gretchen Hilburn and Helen Tuskas as bridesmaids. Her colonial gown was of white, with a wide, white, of mouseline de soie and long train and a sweetheart halo held in place by her double fingertip veil. Red roses, blue Larkspur and baby's breath fashioned her bouquet. The maid of honor wore a long frock with bodice of pink silk jersey and pink and blue skirt of flowered mouseline de soie. A tiara of pink flowers held her veil and her

bouquet was in colonial style. Bridesmaid wore flowered organza of yellow, aqua and peach, respectively, with small caps and matching veils. Their flowers were arm bouquets of gladioli. Mrs. Turner wore brown accessories and Talsman roses, with green silk jersey and Mrs. Bova wore wine crepe, brown accessories and yellow roses.

August J. Bova was his brother's best man and ushers were Walter Whaley, Stanley Lawson and Leonard Kirby.

Among 30 guests at the reception which followed were Mr. and Mrs. Lewis Mathis, Jamestown, N. Y.; Mr. and Mrs. Charles J. Conway, Marietta, O.

The young people left immediately for Oklahoma City, where they will reside at 1215 North Virginia avenue. The bride was graduated from the local high school in 1941 and Mr. Bova in 1938. She has been employed since by the New Process Company and Mr. Bova has been in army service for more than a year.

Successful Membership Campaign by Concert Group Will Bring Back Young Violin Artist

It is with particular pleasure that the Warren Concert Association announces to its members that one of the three attractions it plans to present for this year's schedule will be a return engagement by young Isaac Stern, talented San Francisco violinist now appearing under the banner of S. Hurak.

Mr. Stern first played here on November 12, 1940, in a joint recital with George Lapham, tenor. Since that time he has advanced rapidly in his field and local members who had the pleasure of hearing him last season in Titusville were so pleased they determined to bring him to Warren again for a full evening's program.

He has been acclaimed by critics and public wherever he appeared and it is felt certain his Warren audience will greet his return with pleasure.

Another presentation this season will bring to Warren a rarely-heard instrumental combination, the Salzedo Ensemble of two harps, flute and cello. Diversity is the keynote of the concerts given by Carlos Salzedo, Margaret Call Salzedo, Rene Le Roy and James Scholz, ranging from music of the 18th century masters to that of the contemporary composers, they include compositions for such unconventional and intriguing groupings as flute and cello; flute and piano; flute and harp; cello and harp, as well as two harps, harp and piano, cello and piano, cello and harp solos. They are designed to please the layman and to stimulate the musician.

A sentence from the Christian Science Monitor, criterion for many, aptly describes the third artist for this year: "The rise of Polyna Stoska's star has been sudden and startling." A native American soprano, Miss Stoska was born of Lithuanian parents in Worcester, Mass., and received her early training in Boston and with Marcella Sembrich in Juilliard. Her operatic debut was made in Berlin and after a tour of the continent and her return home, she was honored with three engagements with the Boston Symphony. Other successes have followed and today those in the music world are watching her with considerable pride and satisfaction.

Since the budget of the local association is based upon a 500 membership, it is hoped that total will be reached in the campaign, which officially opens today and continues through Saturday of this week.
